

## ***For Immediate Release***

### **INTECH ENGINEERS ACHIEVE TESTSTAND™ CERTIFICATION FROM NATIONAL INSTRUMENTS™**

**MELBOURNE, Florida, May 15, 2008** -- Intech, a leading systems integration company and a Certified National Instruments Alliance Partner, is proud to announce the certification of two of its engineers, Doug Dieruff and Eric Finley, as National Instruments Certified TestStand Developers. The Certified TestStand Developer (CTD) certification represents core knowledge and skill in the design, development, and integration of production tests in the TestStand environment. Certified Developers must successfully complete a comprehensive evaluation of their understanding of TestStand concepts and applied use of their knowledge. Dieruff and Finley are the first to achieve the Certified TestStand Developer status in the State of Florida.

Headquartered in Melbourne on Florida's Space Coast, Intech develops custom PC based solutions using state-of-the-art technologies for customers in Florida and throughout the Southeastern United States. Intech provides full cycle project support from requirements definition and system specification through system design and integration to system test and verification.

Additional information on Intech's *custom solutions* is available from Intech, Inc., 375 East Drive, Melbourne, Florida, 32904. Phone: 321-951-2326. Email: [intech@go-intech.com](mailto:intech@go-intech.com). Website: <http://www.go-intech.com>.
