

For Immediate Release

INTECH DELIVERS SHOP REPLACEABLE UNIT TEST SYSTEM (SRUTS) TO HARRIS CORPORATION

MELBOURNE, Florida, December 10, 2008 – Intech, Inc., a leading systems integration company, is proud to announce that it successfully completed a contract with Harris Corporation to redesign and build a Shop Replaceable Unit Test System (SRUTS) and an Interchangeable Test Adapter (ITA) in support of Harris' contract with prime contractor Lockheed Martin [NYSE: LMT]. The SRUTS is a computer controlled test station that supports the automated testing of selected shop replaceable unit assemblies.

Headquartered in Melbourne, Intech uses state-of-the-art technologies to design and develop custom systems in-house. Intech has been providing products and services to Harris Corporation for over thirteen years.

Additional information on Intech's *custom solutions* is available from Intech, Inc., 375 East Drive, Melbourne, Florida, 32904. Phone: 321-951-2326. Fax 321-951-2511. Email: intech@go-intech.com. Website: <http://www.go-intech.com>.
